

# POWER ESD

# ErgoPerfect®

The ErgoPerfect ESD Power Chair is a high-end ergonomic chair for use in a variety of working environments where ESD properties are required. Numerous adjustments are possible through a number of simple manual operations. The bubble upholstery profile is molded in soft, durable polyurethane to stimulate blood circulation and increases comfort when sitting for long periods of time, while keeping it easy to clean and maintain. This chair is ideal seating solution for use in ESD protected applications
